# Marie Skłodowska Curie Actions - MSCA

*IF - Individual Fellowships 2020*

**Edited by:**

**Ufficio Ricerca di Eccellenza- Servizio Progettazione Internazionale/EU**

## The call

Marie Skłodowska Curie Actions (MSCA) aim at supporting and boosting the career of researchers of any nationality and career stage, they encourage the development of skills for innovation in all scientific disciplines, through international and cross-sector mobility.

Notably, **Individual Fellowships (IF)** encourage projects open to any research & innovation field, on topics freely chosen by the applicants. The main schemes are: **European Fellowship** (max 2 years), to be held in EU Member States or H2020 Associated Countries, open to researchers moving within Europe or coming to Europe from any country in the world; **Global Fellowship** (max 3 years), based on a secondment to a third country and a mandatory 12 month return period to a European host. IF is a complete instrument for the career development and the enhancement of researcher's employability.

A Supervisor at the Host Institution is responsible for the preparation of a 'career development plan' as well as the enhancement of scientific and complementary transferable skills of the fellows.

Evaluation is based on the following criteria and weighting factors: *Excellence (50%) Impact (30%) Implementation (20%)*.

## Who can apply

IF are addressed to 'experienced researchers' (in possession of a PhD or four years of full-time equivalent research experience at the call deadline) willing to acquire new skills and improve their career prospect through an advanced training programme as well as international and cross-sectoral mobility.

Specific **mobility rules** should be respected. According to the chosen scheme applicants cannot have resided or carried out their main activity in the destination country for a defined period before the call deadline. It is highly recommended to check the compliance with the eligibility rules before approaching the proposal preparation. For any doubt, it is advised to contact our Office.

## Dates

Call deadline: 09/09/2020 – h 17:00

Indicative period for grant agreement signature: half 2021

## Support

Our Office provides information on the call, participation and submission rules, support for the project and CV preparation (setting and revision).

**We scheduled two meetings for potential applicants who wish to apply at INFN as Host Institution.**

The meetings will be held **July 14 and 21 (morning)** through a video conferencing system; details will be directly communicated to the interested participants.
